Technical Exhibit 27
Army Information Technology Registry

The purpose of this exhibit is to provide prospective Service Providers insight into the scope and complexity of this mission.

This Technical Exhibit is a list of USACE submissions to the Army Information Technology Registry (AITR). The AITR serves as the authoritative data source for Army-owned information technology systems and consists of a series of records reflecting information about an Army-owned information technology system.

This data was collected in 2004 and 2005. It is not all-inclusive and may not precisely represent the situation at the time of the advertisement of the solicitation.
